

System Requirements:

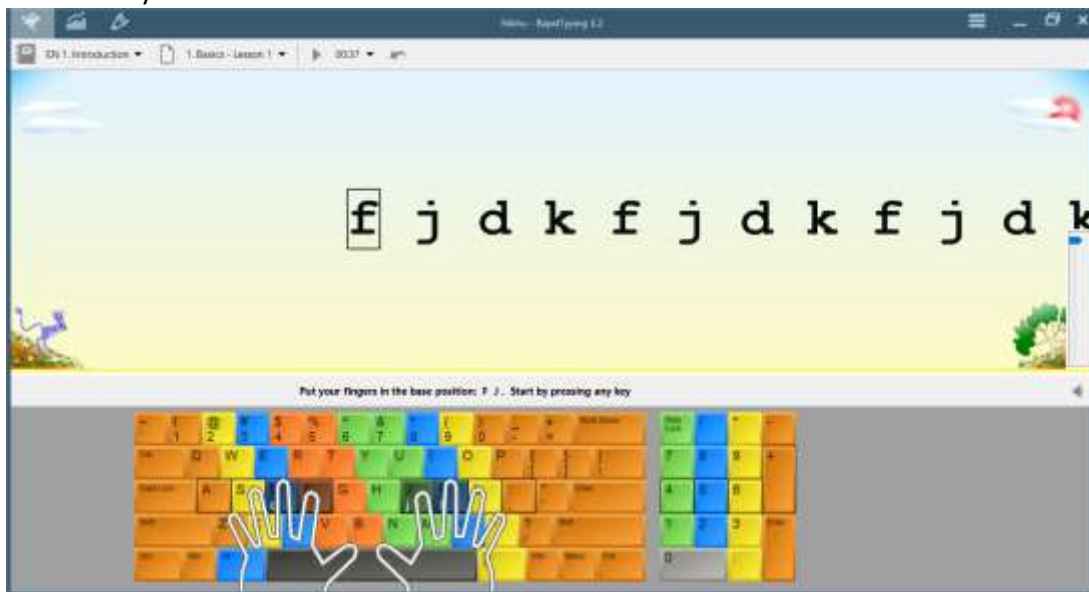

- ✓ A device (Laptop / Desktop) with Microsoft Windows Operating System.
- ✓ 1 GB RAM.

Step 1 :

Unzip the folder using WinZip or any other software([Online Unzip](#)) and Open (Double Click) the **RapidTyping.exe** to launch Rapid Typing.

Step 2 :

Increase the volume of key strokes.

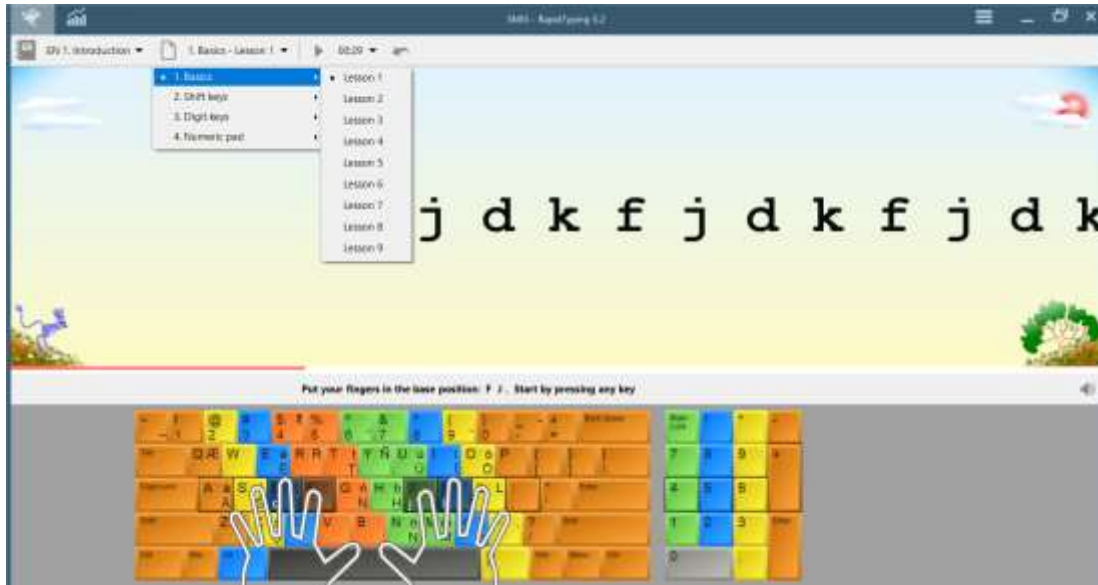

Step 3 :

Choose the first option "**EN 1. Introduction**" and start typing. Follow the finger placement according to the keyboard displayed on the screen.

Step wise lessons will be changed if accuracy is more than 95%. Else it will show you “Try again”. This will be done automatically. Hence don't worry.

Click on “Go on” to continue.
