

Namaste Parents,

Greetings of the day! The first term has ended leaving us with the memories of wonderful activities that children have been a part of. This term's celebrations closed with the Navrangi Navratri. Since the weather was so unpredictable, we were wondering if we would be able to carry out the programme or not. But as is rightly said '*When there is a will, there is a way*' and so the synergies of all of us made the seemingly impossible, possible. Everyone enjoyed the programme thoroughly. The uniqueness of India lies in its diversity. The same festival is celebrated in different forms in different parts of the country – but the spirit of the celebration is the same. Our own mentor Dorothi ma'm has shared with us all about the [Durga pooja](#) as it is celebrated in West Bengal. As always, here are some wonderful products of children's learning, which you would be able to see on [this link](#). The Magic of mindspark programme and its various subsidiary advantages are penned by, who better to talk about it, Vaidehi ma'm. You would surely be proud of our kids' achievements when you read it [here](#).

The term culminates with the SA1 exams and MLVs and all the children have now geared up for it. We hope and wish that all children perform to the best of their abilities. ALL THE VERY BEST WISHES TO ALL! Then comes the festival of lights....

Here's wishing you all a very happy Diwali and a wonderful New year ahead!

During the month of September, children of the 360 Interest Club had an invigorating session with Reetu Karmarkar, the famous Zumba instructor. More about it here.

Namaste Parents,

Greetings of the day! The first term has ended and has given us memories of wonderful activities

that children have been a part of. This term's celebrations close with the Navrangi Navratri.

Since the weather was so unpredictable, we were wondering if we would be able to execute the programme or not. But as is rightly said, ``Where there is a will, there is a way', the collective synergy made the seemingly impossible, possible. Everyone enjoyed the programme thoroughly.

The uniqueness of India lies in its diversity! What one state celebrates with the dancing fervour, another celebrates with idol worship and idol immersion. Although the expression of reverence differs, the essence is the same. Our mentor Dorothi Mukherjee has shared with us all about the Durga Puja as it is celebrated in West Bengal. And, Vaidehi Majithia pens the Magic of Mindspark English programme and its various subsidiary advantages. It will make you proud to learn of the kids' achievements when you read it. During the month of September, children of the 360 Interest Club had an invigorating session with Reetu Karmarkar, the famous Zumba instructor. More about all these three write ups, [click here](#).

As always, here are some cherished glimpses of children's learning, which you would be able to see on [this link](#).

The term culminates with the SA1 exams and MLVs and all the children have now geared up for it. We hope and wish that all children perform to the best of their abilities.

ALL THE VERY BEST WISHES TO ALL! Then comes the festival of lights...

Here's wishing you all a very happy Diwali and a wonderful New year ahead!
